Terry,
You are a cute girl
with a dozing
personality (watch
out - you don't blind some-
one) who is a lot of fun in
shortland & yes. But. For God
you didn't keep on getting your
pate moved along with me
your friend
Terry B.

Terry,

I am very happy to have
the privilege of saying that
Terry are the nicest I have
ever had the good fortune of knowing.
I only regret that next year is my
last year here. Remember the good
times we've had in the past. It's
not really bad being black, is it? Don't
ever forget me, I won't forget you. Be good!

Love

Terry

Terry
your making me
nervous right now
but I'll try to leave
you the best of luck.
I'll certainly don't need
lots of it in your plying career.
Gads! you sound lonely!
Hope to see you 4th Dec or next
year.

Always,
Becky K.

To Terry -
A really sweet girl with a
wonderful personality. I really hope
we can get to be better friends next
year. Good luck in everything you do,
but I know that that won't be
hard for you. God bless ya!
Always,
Betty C.

Terry,
To a really cute
(but dark) kid. That day, I
know it's natural. Seriously, you're one
of the cutest + nicest people I know. Keep
your great personality and good luck with Terry.
Your friend
Terry B.

Medina, Ohio

To you, our parents, and citizens of this community, we dedicate the 1959 edition of the Highlander. It is through your efforts that this new high school has become a reality. We would like to express our deepest gratitude and our humble thanks.

As the doors of Highland High School opened, a year of new and exciting activities lay before the students. Now the Highland Hornet, the spirit which is ever with us as we go into our classes, to athletic events, and all the other activities, will take us on a tour backward into time and review the more prominent happenings of the past year.

THE PREPARATION OF THE YOUTH OF AMERICA

President Dwight D. Eisenhower has stated that the youth of America should be wise and reflective citizens, thankful for the new leisure, promising a new freedom from much toil, not merely to relax in pleasure but to cultivate the mind and to nourish the spirit. Youth ought to be wholly educated, in the sense that man is a spiritual and intellectual and physical being. America needs citizens strong in their ideals and spiritual convictions, healthy in their bodies, and tirelessly inquiring in mind.

Youth need to be bold and courageous citizens, knowing that strength and sacrifice are the indispensable saving weapons of freedom, and knowing that the frontier in America, that rules so much of our history, has become, in this age, the frontier that is America, leader of free nations, hope of free men.

Highland School is ever attempting to meet this responsibility of preparing American youth, not only in an academic way but in the creation of well-rounded individuals who have the mental abilities and the moral aptitudes to meet life's problems well.

We did it fellas!

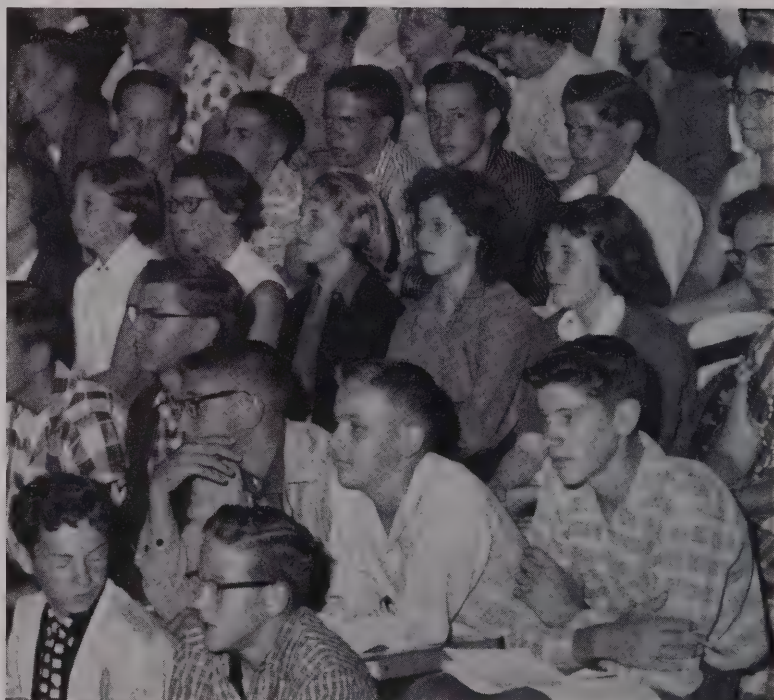

Did somebody say they saw a camera?

"Now to introduce the faculty" — those people who will give their time and knowledge to make you the student, a better person.

Opening Day Of School

The opening day of school found the students getting acquainted with the new building and their teachers, some who were new to them, others, old favorites. The bright and shining faces show that there were probably no assignments made.

The freshmen seriously ponder the four years of study that lays ahead.

Ah, the gaiety and relief of being a senior, not a worry in the world — except to graduate.

Dedication Of Highland High School

Speakers of the day.

Mr. L. O. Vermillion introduces the platform guests.

The dedication of the new Highland High School was the culmination of many years of work and planning. The building, now completed, was presented by Mr. Mellenbrook, the architect. The presentation was accepted by Mr. Alva Donkin, School Board President, for the community and its people.

Guest speaker, Dr. C. B. Allen of Western Reserve University, addresses the audience.

An open house followed the program. Refreshments were also served.

Work! Work! Work! And more Work!

Have Teddy Bear. Will travel!

If we keep looking at it, maybe they'll think we're studying.

Senior Prophecy

This period in history, being the "Modern Age of Man," confronts small. These problems leave us with but one alternative; we must assign High, feel that the following assignments, to the members of the graduating

One of today's problems is the "cold germ." We have assigned LOIS ALLARD, and KAREN BAER to operate a cold germ farm where all Ohio cold germs will be isolated. LARRY BLAKE has offered to contribute his knowledge of mathematics in counting the germs, and JIM CRILE will distribute them to all Ohioans.

While we are in the country, and on farms, we find SKIP DASO, who has always been a great horse enthusiast, fulfilling his life-long dream, training HORSE—FLIES.

We now find another member of the class training animals, it is the Great TOM CONNORS with his famous "BASKETBALL PLAYING FLEA CIRCUS."

In assigning these different jobs and accomplishments, we try to assign things each person enjoys doing. One of the small problems is that of ferocious dogs. We feel these dogs should be stopped, so we have assigned JEANETTE MATEJKA to put a stop to these vicious animals.

We then find LIZ HARTO, who has always wanted to travel and meet different people. She is accompanying DIANE GANTOS on a rocket to the moon, with LOIS JONES as mechanic. LIZ tells of her many other travels. While in Africa she found GAIL VAN ARSDELL studying the native dances. While traveling from place to place assigning these jobs, we got caught in a terrible hail storm, and decided to assign LINDA HALE to reducing this type of storm.

In our travels we see a factory. It says "SUGAR GENOSO'S CANDIES." In the factory we find GLORIA GLOVER painting stripes on peppermint sticks; PAT CLARK is working to improve Clark Bars; and PEGGY SHANAFELT is making non-sticky taffy.

Down the street we find MAROLYN CORBETTS' House of Fashion. RUTH DAULBAUGH is modeling the exquisite new creations by DAVE EARLE. In the hair styling department, RON FABRICIUS is creating the new "rose petal pink" look on JUDY FRANKO and SHERON POTTS is giving her a matching pedicure.

Leaving the fashion world, we enter LAD JELEN'S Tower of Tomorrow. We are escorted to the top by MARY HASTY. From the gigantic telescope invented by JOHN HARRIS we view the booming city of Grangerburg, which was developed by the great R. D. BURTON. On its winding picturesque streets we find SARA TURNER hard at work painting pictures of the fabulous starlett, SHARON SCHEMMEL, on billboards. She is interrupted in her intriguing task by JAMI COOPER motoring down the highway in her '46 Dodge counting damaged telephone poles so she may complete her report to Mayor GARY SMITH. The mayor's secretary, SANDY McFARLAND, is calling Road Commissioner, JERRY TAYLOR, about his intended eight-laned highway through Grangerburg. JIM STRECK is now full-time pastor of the only church in the community. Leading the great choir in DORIS LOOMIS and playing the organ we find RON STILES.

Our newspaper, "The Richey Journal," is edited by NANCY RICHEY, and distributed by RON BATKE and JOHN KUBALA. As we peer through the windows of PAT SKALA'S Slenderizing Salon, we see

us with many problems. Some of these problems are large and others these problems to the men and women of tomorrow. We at Highland class of 1959 will make life easier, and more enjoyable for their followers.

DUANE STINGLEY and NEAL SYLVESTER baking in the steam cabinets. We also find TOM WEBSTER on the vibrating belt, and SHARON BOLTE on the bicycle. We must leave the tower now because our view is obstructed by SANDY KELLOGG in her jet.

As we walk down the street we pass HOWARD WARNER'S Lonely Hearts Club. Next door is MAD MAKI'S LOUNGE owned by DAN MAKI. Entering, we see the exotic mambo dancer MARILYN HARTMAN, with JERRY PORTER accompanying her on the Bongo Drums. Our wraps are checked by JANET SNYDER and we are seated and given a menu by head waiter, DAVE SMITH. A disturbance has been brought to our attention in the foyer and we see WAYNE MLADEK being bounced by LANNY MOSTOLLER. As we are waiting for our meal, the doors to the kitchen are opened, and we see Chef DICK RAW preparing the famous "Raw Potatoes." Why, who is this we find drying glasses? No other than SANDY ZUFALL. We must call our surgeon Wr. ROGER MUDRA, because SANDY CASTLE has just injured herself in the kitchen, performing her many important duties. We rush out just in time to see the TOM HARKER Ambulance service rushing Sandy to the hospital. We hail a taxi, driven by VIRGINIA HANACEK, to follow it. It must be a stretcher case because here come PAT PELOT and LINDA OLDEN with a stretcher. In the Emergency Room we see nurse CONNIE LOUK. Due to the efficiency in the modern hospital, everything was kept well under control.

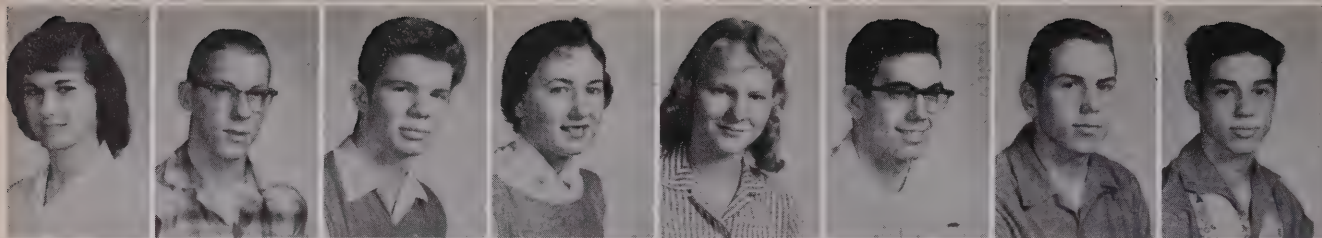

Walking down the street we find BILL NOSS on the corner selling newspapers? Headlines read, "BARBARA KHOENLE," First Woman President; but in this age nothing is unbelievable, so we calmly turn to the comics. We find CAROL ROHM'S "SERIOUS SAM" comic strip. We are so absorbed we unknowingly step onto a platform, and are hauled to the top of FRANK SIEDLACKS Seed Mill. Bringing in his famous "meal-in-one-seed" is JOHN KORTON. JON BOSWELL is on the assembly line throwing out bad seeds. Here comes DAVE GABRIEL, supervising the processing of the famous seed.

Back on the ground again we see a group of hysterical girls swarming around JOE WEST, the new "silent sound." Also, approaching in his limousine, we see TOM WEIDANZ, an ex-star from the Rock & Roll Age, go by unnoticed.

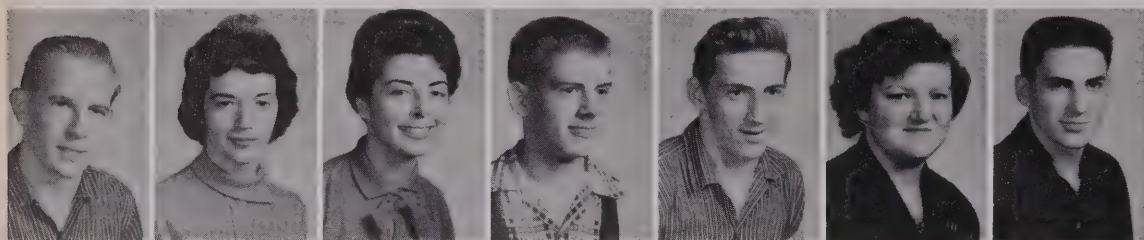

Looking over the near-by hill we see MERLE MYERS' Station of Jet-Propulsion and who is attendant, but ROBERT KAHL.

In the midst of the great city BARBARA STEINBRUNN informed us that the forsaken territory north of the city was the former home of Highland High. The school has moved onward to a higher being with GLORIA POCTA as principal. SANDY ROOT is secretary in the new and spacious office.

Leaving the school we go to the finishing place of everyone. Watering the flowers we find LINDA SCHARFF. PAT SOMMERS and GAYLENE McALLISTER drive up in a big, black, sleek HEARSE. This is as you have probably guessed, the great ROGER GEDEON'S funeral parlor. His vital assistant DIANA FRITZ has been patiently writing his notes of who is to be the last undertaker on this great earth.

BIOLOGY

The new science department has widened the interest of many Highlanders. Many of our country's future scientists are sure to come from Highland High. The General Science department duties are shared by Mrs. Boker and Mr. Crile. The more advanced sciences, Chemistry, Biology, and Physics are under the direction of Mrs. Boker.

SHORTHAND II

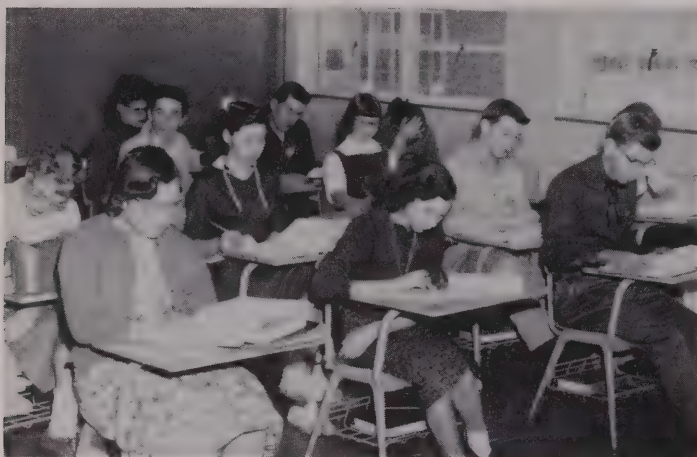

Many students in the commercial program plan to find office clerical jobs in this area after graduation.

Typing I and II, Shorthand I and II, General Business, Bookkeeping, and Office Practice are the subjects offered that help in preparing students for such office jobs. The typing classes are also open to anyone who wants to do away with their hunt-and-peck system of typing. General Business, an introductory course to business, is also taken by students other than those interested in commercial training.

Shorthand classes, Bookkeeping, General Business and Office Practice are taught by Mr. Kemp. All typing classes are taught by Mrs. Myers.

Social Studies

WORLD HISTORY

The Social Studies department covers a broad field of subjects.

All sophomores are required to take World History taught by Mr. Kahl. Junior requirements include the study of American History under Mr. Gienke. The seniors study American Government which is instructed by both Mr. Gienke and Mr. Kahl.

Some electives that Highlanders can choose from are Consumer Living and Economics both of which are taught by Mr. Collins. Sociology, the study of society, is another elective. It is taught by Mr. Kahl.

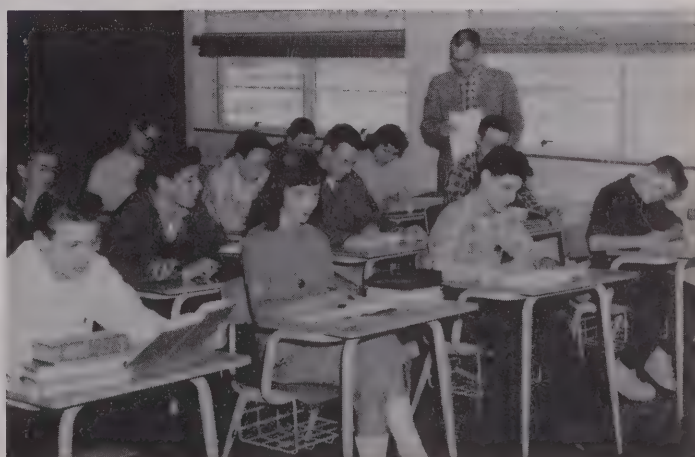

AMERICAN HISTORY

Home Economics

To sew a fine season and be a gourmet of good foods are just two of the aims of the girls in the Home Economics classes. Under the supervision of Mrs. Williamson, these girls turn out some copies of the latest Paris fashions and boil, bake, and stew some delectable dishes. This year interior decorating is an added feature for the girls as they work in the attractive, new Home Economics department.

A fireplace is one of the outstanding features in this room.

Four complete kitchenettes are the crowning glory of the cooking department.

Industrial Arts

The introductory vocational courses offered at Highland include shop where Mr. Wagner teaches metal working and woodworking. Classes in mechanical drawing are under the instruction of Mr. Harmon.

Shop students work diligently on projects.

Mr. Wagner teaches the fine art of using a cutting torch.

Driver Training

Driver Training classes are a one semester course. Students drive the 1959 Pontiac two days of every week and attend lecture classes three days a week. This class is open to anyone of driving age. It is taught by Mr. Harmon.

America's future drivers listen attentively.

Mr. Harmon and students prepare for a practice run.

Physical Education

These pictures are typical examples of the rapid action that takes place in the physical education classes at Highland High. The classes are taught by Mr. Crile, Mr. Gienke, Mr. Harmon, and Mrs. Williams. Football, basketball, volleyball, baseball, and tumbling are some of the things taught during the year.

Many hours of hard work go into the book but the finished product is reward enough for the staff.

The annual staff would like to thank Larry Brandel, Becky Kuder, Sally Kuder, and Beulah Vermillion for their help in canvassing for patrons.

Junior-Senior Prom Of 1958

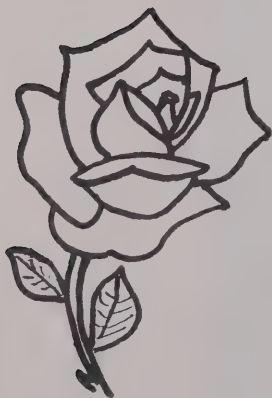

Mr. Vermillion was guest speaker.

Everyone was in a festive and "FEASTIVE" mood.

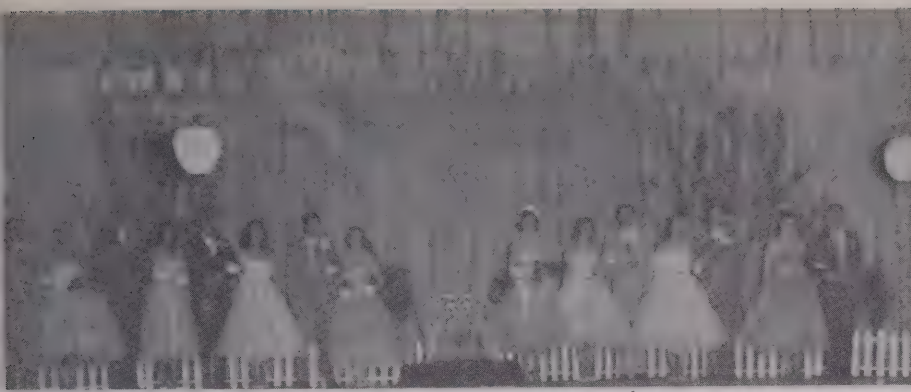

During April the gleam in the eyes of the Juniors and Seniors showed that the biggest event of the year, the Junior-Senior Prom, was drawing near.

Besides the dance and the banquet which are traditional, extra activities included bowling, going to a show, and breakfast the following morning served by the Home and School Club.

The banquet, was held in the Terrace Room at the Sheraton-Mayflower Hotel in Akron.

It was blossom time in Japan, as May Queen Sandy McFarland reigned over the 1958 May Dance. The queen was picked from the junior class, and a girl from each class was chosen to be her attendant. No one knew who the queen was until the night of the dance when it was announced.

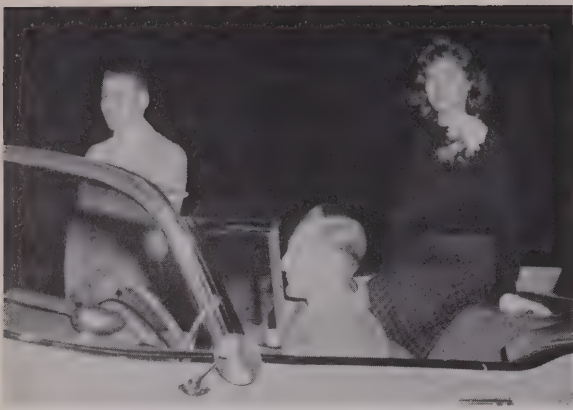

Queen Sandy and her escort, Don Singer, lead the procession to the refreshments.

The bitter cold of the evening did not keep Sharon Schemmel from being a beautiful 1958 Homecoming Queen as she and her court reigned over the game. The following evening a fairyland of lights kept the dance floor atwinkle as Sharon and her court continued their reign in the Highland gymnasium, until the close of the homecoming festivities.

The Toyland Twirl

Once every year the band sponsors a semi-formal dance which has formerly been known as the Snowflake Formal. This year it was renamed the Toyland Twirl. The decorations consisted of a beautiful Christmas tree trimmed in silver ornaments. Santa even graced our school by leaving his sleigh as part of the setting. A background of white crepe paper colored by blue lights finished the decorative scene.

The queen and her court were Virginia Hanacek, Queen; Nancy Richey, Senior Attendant; Lynda Blake, Junior Attendant; Sue Cobb, Sophomore Attendant; and Sherry Bodley, Freshman Attendant.

The Sweetheart Dance, sponsored by the Y-Teens, was held on Valentine's Day this year. The queen and her attendants were chosen from the Y-Teen members. The gym was gaily trimmed with red and white lace hearts sprinkled everywhere.

The queen descended from an archway on the stage while her attendants entered from either side of the gym. The crowning took place in the center of the floor. A background of red and white crepe paper finished the scene.

The climax to six weeks rehearsals.

Junior Play 1958

"The Perfect Idiot"

A not-so-popular high school genius uses his hypnotism machine and a group of students to gain social standing in school and make his parents think better of him. A soap manufacturer with a bunny complex, the high school principal and his pretty daughter, and a few unfortunate but hilarious happenings made *The Perfect Idiot* a huge success for the Junior Class of 1957-58.

Remarkable as it may seem, after a hypnosis treatment Puff repeats, word for word, what is written on page one hundred in his English book.

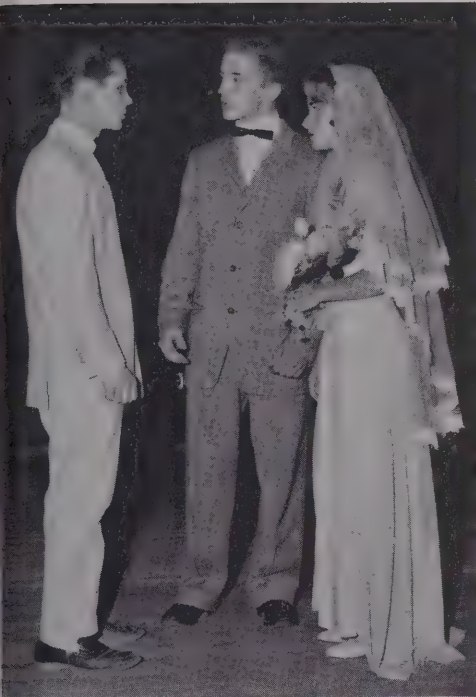

A dramatic note is added to the farce, as Mrs. Tennyson finds the mix-up too much for her.

Don't stand there like a pack of idiots! Do something, "Someone has stolen my parsnips!"

Senior Play 1959

Our Town

This is how we were in our being born, our living, and our dying. The main theme of this drama tells the life story of two town people. In the picture above they are being married.

"And then he said . . ." troubles and problems and some serious talking with a little gossip thrown in now and then for spice. This is a typical scene of the happenings in "Our Town".

The audience seems engrossed in the funeral scene. Perhaps some of them are visualizing themselves as the mourners or even those seated in the graves.

"Professor, will you give us some geological data about "Our Town"?"

Honor Students

Highland High is very proud of its honor and merit roll students. This year, as a new addition, it was decided to put these pictures in the annual to give these students the recognition they so richly deserve.

Those students on the honor roll must have an average of 3.5 to 4.0 while the students on the merit roll have averages from 3.0 to 3.5

These students earned straight A's for the first semester; E. Myers, S. Taylor, C. Hooven. They deserve a lot of admiration for their accomplishment.

Seven points in a football game makes a big difference, but seven points properly spread around in our 1958 campaign would have added three more victories to our season record of two wins, five losses and two ties. Yes, most of our games were that close!

Five more points at Copley would have made the score 17-16 in favor of Highland, rather than 16-12 in Copley's favor. One more point each in the 6-6 tie with Buckeye and the 14-14 tie with Black River would look awfully big.

Our boys gave a very good account of themselves in every game and we are now showing that we are capable of playing some good football ourselves. Next year's prospects look very bright with a good letterman nucleus from which to build. Next year is Highland's year!

Highland's basketball fortunes dropped somewhat to a low ebb this year as the Hornets were able to muster only four victories out of seventeen decisions in regular season play. After suffering several early season defeats by close margins, the Hornets couldn't seem to recover in order to reach their true stride.

The 1958-59 season is certainly not a total loss as five juniors, John Boynton, Larry Brandel, Dan Winland, Richard Finding, and Charles Raw, received valuable game experience which should prove helpful next year. Four seniors who finished their basketball careers at Highland and who will be sorely missed next year are Neal Sylvester, Richard Raw, Tom Connors, and Bob Burton.

Highland's reserve squad fared slightly better than the varsity or they ended the season with six victories and nine defeats. Composed largely of sophomores, the Junior Hornets at times showed sparks of greatness, but inexperience prevented them from any lengthy victory streaks. Nevertheless, all of the boys received the much needed game experience which should help them make the big step to varsity competition next year.

Freshman Basketball

To broaden the athletic program at Highland a freshman team was organized for the first time in school history. The team's offensive and defensive patterns closely followed that of the reserve and varsity squads. Larry Grindle, Jack Schneider, Dick Sponseller, Leonard Tucker, and Don Hoert showed considerable promise for future Hornet teams. The season record showed 3 wins and 6 losses.

Tom Connors
Most Valuable in Basketball

Mr. Gienke presents an award along with his heartiest congratulations.

Athletic And Dramatics Highlanders

The speaker for the Athletic Banquet of 1959 was Mr. Robert Brownson, head football coach at Ashland College.

The 1958 one-act play which represented Highland in the county contest was "Triple Jeopardy." The cast of this play was chosen from the entire student body.

Cheerleaders

The Six Varsity Cheerleaders: Connie Louk, Nancy Winter, Pat Eckelberry, Sheron Potts, Gail Davis, Terry Burton.

A touch of the college campus is added to the Highland athletic events as these ten peppy girls give the air a rousing cheer as their favorite team, the Hornets, appear on the scene.

*Two, four, six, eight.
Who do we appreciate?
Our cheerleaders!*

The six varsity and four reserve pepper-uppers cheered at all of our games and pep rallies. They flipped, somersaulted, and did splits in new cheers as well as old tried and true favorites. In rain or snow, indoors, or out, they were always there to shout, "Go Highland!"

The Reserve Cheerleaders; Joyce Collins, Andy Holman, Pat Kamps, Sharon Cooper.

G.A.A. vs. Reserves

One of last year's GAA activities was a basketball game with the Highland reserves. The boys were given a slight handicap of an extra rim on the basket, and each had a pair of boxing gloves. But our athletic reserve team overcame these difficulties and played to a sound victory over the senior GAA members.

To raise money for last year's class trip the senior boys played a regulation basketball game with the faculty men. The uniforms worn by the boys were far from regulation. They consisted of swimming trunks, T-shirts and wild hats.

Tracy:

I'm happy to be so close to you this year, because last year we were separated in all our classes.

You're about the greatest girl I've ever known, with looks, personality, etc.

I hope next year we can have the fun that we have had this year.

Love Always
"June" 61

Tracy,

If we could all, lounge

at life like you do, things
wouldn't be so good as they
still, we are content to wait
you are just the one who
who gets so much fun out of
things. You know, you know, and
Highland is the best school.
Remember all the things you
found and information, and keep
telling your friends about it and
making out our own director.
Keep smiling too.

Edy B.
